PRICE LIST

1950

ST. LOUIS SEED Co.

411 NORTH BROADWAY ST. LOUIS 2, MO.

ST. LOUIS SEED COMPANY—"Pure and Sure" Seeds

1950 PRICE LIST

Our annual catalogue is not being issued this year, due to the great advance in the cost of printing such a book, and the constant changing of prices, over which we have no control, on many of the articles that we stock.

We are offering this price list for 1950 and believe you will find it contains most of the items that were listed in our large catalogue. However, we shall be happy to answer all inquiries received on any items not listed herein.

We shall continue to supply "PURE AND SURE SEEDS" which means that our customers receive seeds which have been tested under varying conditions prior to sale; thus reducing to a minimum the possibility of failure.

Serving the market gardener, farmer and amateur for years, we have always kept before us the importance of "PURE AND SURE SEEDS" of the highest quality. That we have succeeded in our efforts to furnish seeds of this high quality is shown by the very remarkable loyal support on the part of our customers, many of whom started to trade with us years ago and are with us yet.

To the old and new customers alike, we are sincerely grateful.

Phone: Central 4100

ST. LOUIS SEED COMPANY
411 No. Broadway (at Locust)
St. Louis 2, Missouri.

SUGGESTIONS FOR ORDERING

Write NAME and ADDRESS distinctly on each order. ALL REMITTANCES should be made by Post Office or Express Money Orders or Bank Drafts. We cannot guarantee receipt of money sent in any other way. Goods desired C.O.D., must be accompanied by a partial remittance to guarantee acceptance.

Always give complete shipping directions. Customers on R.F.D., routes and beyond express delivery will aid us by stating; "Goods reach us by parcel post only." Express and freight charges on large quantities are cheaper than parcel post. We charge no cartage to depots or the express company offices, nor do we charge for boxes, packing or small muslin bags. When seamless cotton bags are required, they must be remitted for at 50¢ each.

Prices quoted in this list are NET. We reserve the right to advance prices WITHOUT NOTICE should current conditions require it.

PURCHASER PAYS ALL TRANSPORTATION.

Please use this chart for weight, zone and postage on your order.

PARCEL POST RATES

Zones 1 or 2 (up to 150 miles)

Zone 3 (150 to 300 miles)

13	37¢	49¢	26	63¢	85¢

NOTE: When postage is 50¢ or over, add 3% to above to cover postal increase.

PLEASE NOTE—ABOUT WARRANTING SEEDS

NON-WARRANTY Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather or soil conditions, too deep or too shallow planting, etc., which renders it impossible for us to guarantee success, and although we take all possible care to supply only such goods as will, under proper conditions, produce satisfactory results, we still give no warranty, express or implied, as to productiveness of any of the seeds, plants or bulbs we send out, and will not be in any way responsible for the crop. Our liability in all instances is limited to the purchase price of the seeds, plants or bulbs and every order for articles named in this price list will be executed on these conditions only. It must, however, be plain to everyone who gives the matter the slightest thought that it is to our best interests to send out only such stock as will not only grow, but prove true to name and description.

ST. LOUIS SEED COMPANY

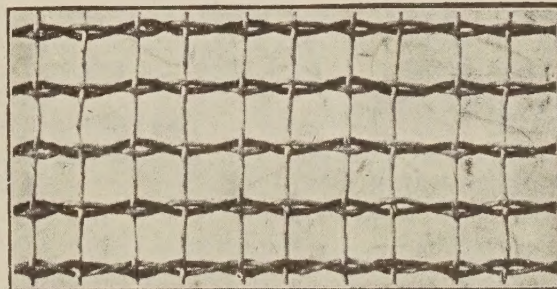

GRASS SEEDS

BY PARCEL POST
ADD POSTAGEAll our lawn grasses are recleaned and tested
for highest quality, purity and germination.
PRICES SUBJECT TO CHANGE WITHOUT NOTICE.BY PARCEL POST

\$35.00WHITE or DUTCH CLOVER. A low growing Clo-
ver. Very desirable for beautifying the
lawn. One pound covers 600 sq. ft.

1 lb. \$1.35; 5 lbs. \$6.65; 10 lbs. \$13.00

EROSIONET

EROSIONET is a strong, economical, open-
mesh fabric. When placed over any seeded
surface, its square mesh forms millions of
tiny dams which catch and hold your seed
and sod firmly in place. 45 inches wide.
Per Yard. 20¢

TIME OF PLANTING: In the central states, roots may be set out as early as May 1st in
some sections, and from then until the middle of June. Some of our best blooms have
been grown from roots planted about June 15th. Dahlias should be planted from 2½ to
3 feet apart and covered to a depth of 6 inches.

CULTURE: Gladiolus can be successfully grown in practically any soil and respond wonderfully to a little attention, such as timely watering and cultivation. (Planting). Have soil loose; make trench or hole deep enough so that bulbs can be covered with three inches of soil, (sandy soil 5 inches). Plant bulbs three inches apart in row. Use a complete fertilizer at planting time and again when buds first appear.
